

Revision Date 30.03.2020

Version 5.0

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Trade name

SikaCor[®]-6630 dryer solution

1.2 Relevant identified uses of the substance or mixture and uses advised against

Product use : Corrosion protection

1.3 Details of the supplier of the safety data sheet

Company name of supplier	:	Sika Schweiz AG Tüffenwies 16
		8048 Zürich
Telephone	:	+41 58 436 40 40
Telefax	:	-
E-mail address of person	:	EHS@ch.sika.com
responsible for the SDS		

1.4 Emergency telephone number

Tox Info Suisse CH-8028 Zurich +41(0)44 251 51 51 / Speed calling: 145

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

Classification (REGULATION (EC) No 1272/2008)

Flammable liquids, Category 3	H226: Flammable liquid and vapour.
Eye irritation, Category 2	H319: Causes serious eye irritation.
Skin sensitisation, Category 1	H317: May cause an allergic skin reaction.
Reproductive toxicity, Category 1B	H360F: May damage fertility.
Aspiration hazard, Category 1	H304: May be fatal if swallowed and enters air- ways.

2.2 Label elements

Labelling (REGULATION (EC) No 1272/2008)

SikaCor®-6630 dryer solution

Revision Date 30.03.2020		Version 5.0	Print Date 03.05.20
Hazard statements :	H226 H304 H317 H319 H360F	Flammable liquid and vapour May be fatal if swallowed and May cause an allergic skin re Causes serious eye irritation. May damage fertility.	l enters airways. action.
Supplemental Hazard : Statements	EUH066	Repeated exposure may caus or cracking.	se skin dryness
Precautionary statements :	Prevention: P201 P210 P280 Response: P301 + P310	Obtain special instructions be Keep away from heat, hot sur open flames and other ignition smoking. Wear protective gloves/ prote eye protection/ face protection IF SWALLOWED: Immediate POISON CENTER/ doctor.	rfaces, sparks, n sources. No ective clothing/ n.
	P308 + P313 P331 P370 + P378	IF exposed or concerned: Ge vice/ attention. Do NOT induce vomiting. In case of fire: Use dry sand, alcohol-resistant foam to extir	dry chemical or

Hazardous components which must be listed on the label:

- Hydrocarbons, C10-C13, n-alkanes, isoalkanes, cyclics, <2% aromatics
- cobalt bis(2-ethylhexanoate)

2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

SECTION 3: Composition/information on ingredients

3.2 Mixtures

Version 5.0

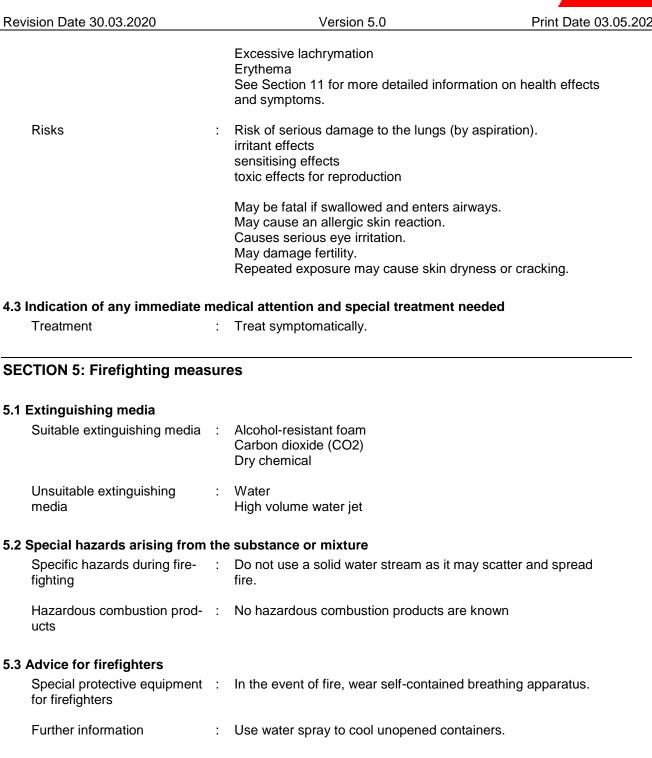

SECTION 4: First aid measures

4.1 Description of first aid measures

General advice	: Move out of dangerous area. Consult a physician.
	Show this safety data sheet to the doctor in attendance.
If inhaled	: Move to fresh air. Consult a physician after significant exposure.
In case of skin contact	 Take off contaminated clothing and shoes immediately. Wash off with soap and plenty of water. If symptoms persist, call a physician.
In case of eye contact	 Immediately flush eye(s) with plenty of water. Remove contact lenses. Keep eye wide open while rinsing. If eye irritation persists, consult a specialist.
If swallowed	 Do not induce vomiting without medical advice. Rinse mouth with water. Do not give milk or alcoholic beverages. Never give anything by mouth to an unconscious person.
4.2 Most important symptoms	and effects, both acute and delayed
Symptoms	: Aspiration may cause pulmonary oedema and pneumoniti

Symptoms	:	Aspiration may cause pulmonary oedema and pneumonitis. Allergic reactions

SikaCor[®]-6630 dryer solution

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Personal precautions	: Use personal protective equipment.
	Remove all sources of ignition.
	Deny access to unprotected persons.

Revision Date 30.03.2020

Beware of vapours accumulating to form explosive concentrations. Vapours can accumulate in low areas.

6.2 Environmental precautions

Environmental precautions	:	Prevent product from entering drains. If the product contaminates rivers and lakes or drains inform respective authorities.

6.3 Methods and material for containment and cleaning up

Methods for cleaning up : Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13).

6.4 Reference to other sections

For personal protection see section 8.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

Advice on safe handling		 Avoid exceeding the given occupational exposure limits (see section 8). Do not get in eyes, on skin, or on clothing. For personal protection see section 8. Persons with a history of skin sensitisation problems or asthma, allergies, chronic or recurrent respiratory disease should not be employed in any process in which this mixture is being used. Smoking, eating and drinking should be prohibited in the application area. Take precautionary measures against static discharge. Open drum carefully as content may be under pressure. Pregnant women or women of child-bearing age should not be exposed to this product. Take necessary action to avoid static electricity discharge (which might cause ignition of organic vapours). Follow standard hygiene measures when handling chemical products
Advice on protection against fire and explosion	:	Use explosion-proof equipment. Keep away from heat/ sparks/ open flames/ hot surfaces. No smoking. Take precautionary measures against electrostatic discharges.
Hygiene measures	:	Handle in accordance with good industrial hygiene and safety practice. When using do not eat or drink. When using do not smoke. Wash hands before breaks and at the end of workday.

SikaCor[®]-6630 dryer solution

Revision Date 30.03.2020

Version 5.0

7.2 Conditions for safe storage, including any incompatibilities

Requirements for storage areas and containers	:	Keep container tightly closed in a dry and well-ventilated place. Containers which are opened must be carefully re- sealed and kept upright to prevent leakage. Store in accord- ance with local regulations.
Further information on stor- age stability	:	No decomposition if stored and applied as directed.
7.3 Specific end use(s)		
Specific use(s)	:	Consult most current local Product Data Sheet prior to any use.

SECTION 8: Exposure controls/personal protection

8.1 Control parameters

Occupational Exposure Limits

SECTION 10: Stability and reactivity

Print Date 03.05.2023

Revision Date 30.03.2020

Version 5.0

10.1 Reactivity					
No dangerous reaction known un	der conditions of normal use.				
10.2 Chemical stability					
The product is chemically stable.					
10.3 Possibility of hazardous reacti	ons				
Hazardous reactions :	Stable under recommended storage conditions.				
	Vapours may form explosive mixture with air.				
10.4 Conditions to avoid					
Conditions to avoid :	Heat, flames and sparks.				
10.5 Incompatible materials					
Materials to avoid :	No data available				
10.6 Hazardous decomposition products					
No decomposition if stored and applied as directed.					
SECTION 11: Toxicological information					
11.1 Information on toxicological effects					
Acute toxicity					
Not classified based on available information.					
Components:					

calcium 3,5,5-trimethylhexa	noa	te:
Acute oral toxicity	:	LD50 Oral (Rat): 1.160 mg/kg

2-methoxy-1-methylethyl acetate:

Acute oral toxicity	:	LD50 Oral (Rat): > 5.000 mg/kg
---------------------	---	--------------------------------

Acute dermal toxicity	:	LD50 Dermal (Rabbit): > 5.000 mg/kg
-----------------------	---	-------------------------------------

Skin corrosion/irritation

Repeated exposure may cause skin dryness or cracking.

Serious eye damage/eye irritation

Causes serious eye irritation.

Respiratory or skin sensitisation

Skin sensitisation

May cause an allergic skin reaction.

SikaCor[®]-6630 dryer solution

Not classified based on available information.

Not classified based on available information.

Additional ecological information

: There is no data available for this product.

SECTION 13: Disposal considerations

13.1 Waste treatment methods

Product	:	The generation of waste should be avoided or minimized wherever possible. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe way. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.
Contaminated packaging	:	15 01 10 [S] packaging containing residues of or contaminat- ed by dangerous substances

Other regulations:

Article 13 Maternity ordinance (SR 822.111.52): Expectant and nursing mothers are only permitted to come into contact with this product during the course of their work if, based on a risk assessment carried out in accordance with Article 63 of Ordinance 1 on the Employment Act (ArGV 1) (SR 822.111), the chemicals in question have been found not to cause any specific harm to mothers or children or if such harm can be ruled out by taking appropriate protective measures.

Take note of Directive 92/85/EEC regarding maternity protection or stricter national regulations, where applicable.

Young people undergoing basic vocational training may only work with this product if the relevant training ordinance makes provision for them to do so with a view to enabling them to achieve their training objectives and if the preconditions for the training plan have been met and the applicable age restrictions have been complied with. Young people who are not completing any basic vocational training are not permitted to work with this product. Employees of either sex who are under 18 years old are classed as young people.

The product belongs to group 1 according to the Swiss Chemicals Ordinance (ChemO 813.11). Country CH 100000017572 1
